

HUMA PRO[®]

GUARANTEED ANALYSIS

Total Humic Acid (HA) 6.00%*

Derived from: Oxidized Leonardite

*Analysis using the Verploegh & Brandvold method (1990)

DIRECTIONS FOR USE

• Shake well before use. • Designed to be applied to soil or water. • HUMA PRO[®] should be applied when soil or water analysis identifies the need and proper rate of application for this product. • If compatibility of any mix is in question, jar test a small quantity. • Soil moisture is required for maximum bioactivity. If soil is dry, moisture should be provided by irrigation. • Consult your local PROBIOTIC SOLUTIONS[®] Representative or other waste water remediation specialist for specific recommendations.

This product is intended as a supplement to a regular fertilization program and will not, by itself, provide all the nutrients normally required by turf and ornamentals.

STORAGE AND DISPOSAL:

Do not store this product below 50°F (10°C) or above 90°F (30°C). Keep product in original container. Do not transfer into food or drink containers. Triple rinse container when empty for recycling. Always dispose of container in accordance with local, state and/or federal regulations.

CONDITIONS OF SALE:

The information contained on this label is believed to be accurate and reliable. Buyer and user acknowledge and assume all liability resulting from the use of this material. Follow directions carefully. Timing, method of application, weather, and other factors are beyond the control of the seller.

KEEP OUT OF REACH OF CHILDREN
