

HUMA BURST® POWDER

GUARANTEED ANALYSIS

Total Humic Acid (HA) and Fulvic Acid (FA) 70.00%

Derived from: Oxidized Leonardite, dry.

DIRECTIONS FOR USE

• Designed to be applied to soil or water. • HUMA BURST® POWDER should be applied when soil or water analysis identifies the need and proper rate of application for this product. • Apply HUMA BURST® POWDER by broadcast either through air or ground spreaders. HUMA BURST® POWDER can be applied to all soil and water types. • Avoid spreading during high humidity, or bridging or clumping may occur. • Applications can be made as often as every 7 days as needed. • Soil moisture is required for maximum bioactivity. If soil is dry, moisture should be provided by irrigation. • Consult your local PROBIOTIC SOLUTIONS® Representative or remediation specialist for specific recommendations.

STORAGE AND DISPOSAL:

Keep product in original container. Do not transfer into food or drink containers. Triple rinse container when empty for recycling. Always dispose of container in accordance with local, state and/or federal regulations.
